1 About This Quilt

One simple block and 5 bright colors combine in this quick crib quilt. It can easily be completed in a weekend. Select 3 different color values for the bands to give the most interest.

2 Making the Quilt Center

Notice that the only difference between blocks Y and Z is the placement of the blue A. Join the strips as shown to make 5 bands. Cut the bands at $6\frac{1}{2}$ " intervals to make 25 units.

Join an A to each unit as shown to make 13 Y blocks and 12 Z blocks.

Block Y
Make 13

Block Z
Make 12

Make the row 1's and row 2's as shown. Starting with row 1 and alternating with row 2, sew the rows together.

Row 1 Make 3

Row 2 Make 2

3 Adding the Borders

Sew the 40" long border #1 strips together and cut 2 lengths of 43" for the sides. Sew the border #1 side strips to the quilt and trim any extra length. Add the border #1 top and bottom strips in the same way.

Sew the border #2 strips together and cut 2 lengths of 47" for the sides and 2 lengths of 41" for the top and bottom. Add border #2 in the same way as border #1.

4 Quilting and Finishing

Mark the *Butterfly Dance Quilting* in each block, matching the dots and reversing the design for the second and fourth block in each row, as shown in red.

Layer and baste together the backing, batting and quilt top. Quilt the marked motifs and quilt both borders in the ditch. Bind the quilt. ■
